

James L. Chapman, IV

Jim focuses his legal practice on representing businesses and individuals in litigation. He is frequently hired in matters involving large loss exposure in injury, death and property damage cases. He also has extensive experience litigating commercial disputes.

Jim has tried over 100 cases to jury verdicts for his clients and formerly taught courses in Trial Practice and Federal Courts at Regent University School of Law. Jim speaks and writes on select topics of interest to the insurance, maritime and unmanned systems industries.

Apart from the practice of law, Jim is most proud of his service to his alma mater, Virginia Tech. From 2013 – 2017, he served on the governing Board of Visitors, and was Rector (Chair) of the Board in 2016 - 2017. Virginia Tech is a leading public research university with an annual budget in excess of \$1.6 billion, enrolling over 30,000 students annually. The University motto is Ut Prosim, Latin for "That I May Serve," which is Jim's passion for both Virginia Tech and his clients.
